Accenture S.R.L - Trainee (working for main Argentinian bank)

Buenos Aires, Argentina

Development with Cobol/JCL/CICS, documentation and testing of core banking applications (Mainframe platform - IBM OS/2). Files (sequential/VSAM) and database (SQL/DB2) handling. Incidents resolution and system upgrades development.

PROFILE

Functional Analyst and Programmer of Information Systems. Committed to add value to my deliveries beyond what is expected, with special focus on details.

Self-taught and passionate about acquiring new technical skills, as well as increasing my business knowledge.

I enjoy working within a team, although working independently is one of my strengths.

My main expertise currently lies in development and maintenance of core banking systems.

DETAILS

Location: Buenos Aires, Argentina

Passport: Argentinian

Date of Birth: 10/02/1983
